BIBLIOGRAPHY OF SYSTEMATIC MYCOLOGY

COMPILED FROM WORLD LITERATURE

Commonwealth Mycological Institute,
Kew, Surrey, England

1969

Digitized by the Internet Archive
in 2025

[The 'Bibliography of Systematic Mycology' for 1943-49 was issued as four Mimeographed Publications - No. 3 (1943-46), 1947; No. 5 (1947), 1948; No. 7 (1948), 1949; No. 8 (1949), 1950 - all in very small editions. These four Publications are now reprinted in the standard format of the Bibliography.]

BIBLIOGRAPHY OF SYSTEMATIC MYCOLOGY

(Mimeographed Publication No. 3)

GENERAL

1. AINSWORTH (G. C.) & BISBY (G. R.). A dictionary of the fungi. - viii + 359 pp., 138 figs. Imperial Mycological Institute, 1943. Ed. 2, 431 pp., *ibid.*, 1945.
2. BISBY (G. R.) & AINSWORTH (G. C.). The numbers of fungi. - Trans. Brit. mycol. Soc., 26: 16-19, 1943.
3. BONAR (L.). Studies on some Californian fungi. III. - Mycologia, 38: 339-345, 1946.
4. CHADEFAUD (M.). Biologie des champignons. - 269 pp., 50 figs., Paris, Gallimard (Collection "L'Avenir de la Science", No. 19), 1943.
5. DENNIS (R. W. G.) & WAKEFIELD (Elsie M.). New or interesting British fungi. - Trans. Brit. mycol. Soc., 29: 141-166, 26 figs., 1946.
6. GAUMANN (E.). Mykologische Notizen. IV. - Ber. schweiz. bot. Ges., 51: 338-343, 1 graph, 1941.
7. JACKSON (H. S.). Life cycles and phylogeny in the higher fungi. - Trans. roy. Soc. Can., Ser. 3, 38: 1-32, 5 diags., 1944.
8. JOYEUX (C.). Paul Vuillemin (1861-1932). - Mycopathologia, 3: 64-80, 1941. [Received 1946.]
9. KERN (F. D.). The importance of taxonomic studies of the fungi. - Torreya, 43: 65-77, 1943.
10. LANGERON (M.). Précis de mycologie. - 674 pp., 393 figs. Paris, Masson et Cie., 1945.
11. MARCHIONATTO (J. B.). La contribución de Carlos Spegazzini a la fitopatología argentina. - Rev. Fac. Agron. La Plata, Ser. 3, 25: 11-20, 1 fig., 1943.
12. OLIVE (L. S.). Some taxonomic notes on the higher fungi. - Mycologia, 38: 534-547, 4 figs., 1946.
13. PETRAK (F.). Verzeichnis der neuen Arten, Varietäten, Formen, Namen, und wichtigsten Synonyme der Pilze 1932-1935. - Just's bot. Jahresber., 63 (2): 805-1056, 1944.

14. STEVENSON (J.A.). A possible reprinting of Saccardo's Sylloge Fungorum. - Phytopathology, 33: 635 and Mycologia, 35: 589-590, 1943.
15. WESTERDIJK (J.). Centraalbureau voor Schimmelcultures, Baarn (Nederland). Lijst van Schimmelcultures, 1943. - 141 pp., 1943.

LISTS OF FUNGI

Africa

16. SIMPSON (M.W.) & TALBOT (P.H.B.). An enumeration of fungi collected at Qudeni Forest Reserve, Zululand, in February, 1945. - S. Afr. J. Sci., 42: 131-134, 1946.

Argentina

17. MARCHIONATTO (J.B.). Notes micológicas. - Physis, B. Aires, 15: 133-144, 9 pls., 1939. [Rec'd. 1946.]

Australia

18. LANGDON (R.F.) & HERBERT (D.A.). Records of Queensland fungi. IV. - Pap. Univ. Qd., 2 (4), 4 pp., 1944.

Austria

19. TOBISCH (J.). Beiträge zur Kenntnis der Pilzflora von Kärnten, VI. - Ost. bot. Z., 91: 184-189, 1942.

Belgian Congo

20. BEELI (M.). Notes mycologiques congolaises. Champignons récoltés dans la région du Kiva par F. L. Hendrickx, mycologue à l'Ineec. - Bull. Jard. bot. Brux., 16: 105-107, 1940. [Rec'd. 1945.]

Belgium

21. VERPLANCKE (G.). Quelques champignons nouveaux pour la flore belge. - Op. cit., 16: 9-19, 1940.

Brazil

22. VIÉGAS (A.P.). Alguns fungos do Cerrado. - Bragantia, S. Paulo, 3: 49-62, 2 pls., 15 figs., 1943.
23. VIÉGAS (A.P.). Uno poucos fungos do Brasil. - Op. cit., 5: 561-582, 12 pls., 1945.
24. VIÉGAS (A.P.) & TEIXEIRA (C.G.). Alguns fungos de Minas Gerais. - Rodriguesia, 9 (19): 49-56, 6 pls., 1945.

Bulgaria

25. KHRISTOV (A.). Revision and notes on the parasitic flora of Bulgaria. - J. agric. Exp. Insts. Bulg., 9 (2): 77-85, 1939. [In Bulgarian Rec'd. c. 1945.]

Burma

26. RHIND (D.) & SETH (L.N.). The fungi of Burma. - Indian J. agric. Sci., 15: 142-155, 1945.

Canada

27. SNELL (W.H.). Mycological Society of America. Fungi collected at the 1941 foray. - Mycologia, 35: 658-666, 1943. [Quebec.]

Chile

28. MUJICA (F.) & VERGARA (C.). Flora fungosa chilena. Indice preliminar de los huéspedes de los hongos chilenos y sus referencias bibliograficas. - Minist. Agric., Santiago, 199 pp., 1945.

China

29. WEI (C.T.) & HWANG (H.S.). A check list of fungi deposited in the mycological herbarium of the University of Nanking. I (1924-1937). - Nanking J., 9: 329-372. [? 1942. Rec'd. 1943.]

Crete

30. PETRAK (F.). Fungi [von Creta]. - Denkschr. Akad. Wiss. Wien, 105: 9-26, 1943.

Denmark

31. BULOW (K.). Mykofloristiske lagttagelser fra Westjylland. [Notes on the mycoflora of West Jutland]. - Friesia, 3: 102-106, 1945.
32. LANGE (M.). Iagttagelser over Svampefloraen paa Brandpletter. [Notes on fungi on burnt ground]. - Op. cit., 3: 58-61, 1944.

Germany

33. SYDOW (H.). Sydow, Mycotheca germanica Fasc. LXIX-LXXII (No. 3401-3600). - Ann. mycol., Berl. 40: 193-218, 1942. [Rec'd. 1944.]

Hungary

34. MOESZ (G.). Fungi Hungariae. III. Ascomycetes. Pars. I-IV. Basidiomycetes. Pars. I. Uredineae - Ann. hist. -nat. Mus. - hung., Pars bot., 32: 1-61, 1939; 33: 127-200, 1940; 34: 72-185, 1941; 35: 73-87, 1942. [Rec'd. 1946.]
35. MOESZ (G.). Pilze aus dem westlichen Gebiete Ungarns. - Arb. ung. biol. Forsch. Inst., 13: 175-186, 1941. [Rec'd. 1946.]

India

36. MUNDKUR (B.B.) & AHMAD (S.). Revisions of and additions to Indian fungi. II. - Mycol. Papers, I.M.I., 18, 11 pp., 8 figs. Dec. 1946.
37. MUNDKUR (B.B.) & THIRUMALACHAR (M.J.). Ibid. I. Op. cit., 16, 27 pp., 19 figs. Apr. 1946.
38. PADWICK (G.W.). Notes on Indian fungi. III. - Op. cit., 12, 15 pp., 11 figs., Oct. 1945.

39. PADWICK (G.W.) & MERH (J.L.). Ibid. I. Op. cit., 7, 7 pp., 6 figs., July, 1943.

Iran, etc.

40. PETRAK (F.). Fungi [of Iran]. - Ann. naturh. Mus. Wien., 1: 414-521, 1940. [Rec'd. 1946.]
41. PETRAK (F.). Beiträge zur Kenntnis der orientalischen Pilzflora. - Op. cit., 52: 301-396, 1942. [Rec'd. 1946.]

Jamaica

42. LARTER (L.N.H.) & MARTYN (E.B.). A preliminary list of plant diseases Jamaica. - Op. cit., 8, 15 pp., Dec. 1943.

Mexico

43. SHANOR (L.). Additional records of aquatic Phycomycetes isolated from Mexican soils. - J. Wash. Acad. Sci., 34: 330-333, 1944.

Pacific Islands

44. ARWIDSSON (T.). Einige parasitische Pilze aus Juan Fernandez und des Osterinsel. - Svensk bot. Tidskr., 34: 293-200, 1 fig., 1940. [Rec'd. 1946.]

Poland

45. SKIRGIELLO (A.). New species of Asco- and Basidiomycetes for the Polish flora. - Acta. Soc. Bot. Polon., 17: 53-60, 14 figs., 1946.

Southern Rhodesia

46. HOPKINS (J.C.F.). A descriptive list of plant diseases in Southern Rhodesia (and their control). Supplement I. January, 1940 to April, 1943. - Rhod. agric. J., 40: 178-192, 1943.

Spain

47. ALCALDE (M.B.). Datos micológicos. - An. Jard. bot. Madr., 5: 143-160, 9 figs., 1945.
48. DE URRIÉS Y AZARA (M.J.). Hongos microscópicos del Valle de Bonasque (Pireneos aragoneses). - Op. cit., 4: 167-193, 7 figs., 1944.
49. LOSA ESPAÑA (D.M.). Aportaciones a la flora micológica galega. - Op. cit., 4: 195-240, 23 figs., 1944.
50. LOSA ESPAÑA (D.M.). Aportacions a la flora de micromicetos del Pirineo Espanol. - Op. cit., 5: 79-126, 24 figs., 1945.
51. UNAMUNO (L.M.). Notas micológicas. - Op. cit., 4: 145-166, 6 figs., 1944.

Sudan

52. BOUGHEY (A.S.). A preliminary list of plant diseases in the Anglo-Egyptian Sudan. - Mycol. Papers, I.M.I., 14, 16 pp., 1 map, 1946.

Switzerland

53. MAYOR (E.). Contribution à l'étude de la flore mycologique du Valais. - Bull. Murith., 60: 73-90, 1942-43.
54. MAYOR (E.). Notes mycologiques. XI. - Reprinted from Bull. Soc. neuchatel. Sci. nat., 68, 16 pp., 1943.
55. MAYOR (E.). Mélanges mycologiques. - Reprinted from Bull. Soc. bot. suisse, 54, 18 pp., 1944.
56. SCHARER-BIDER (W.). Beitrag zur Kenntnis der Verbreitung der höheren Pilze em Basel. - Verh. naturf. Ges. Basel, 56:14-23, 1945.

Uganda

57. HANSFORD (C. G.). Host list of the parasitic fungi of Uganda. Parts I, II and III. - E. Afr. agric. J., 8: 248-252; 9: 50-55, 102-106, 1943.

U.S.A.

58. CHRISTENSEN (C. M.). Keys to the common fleshy fungi. - 45 pp., 8 pls., 69 figs., Minneapolis, Burgess Publ. Co., 1946.
59. DAVIS (J. J.). Parasitic fungi of Wisconsin. - 157 pp., 1942. [Rec'd. 1943.]
60. GREENE (H. C.). Notes on Wisconsin parasitic fungi. II. - Trans. Wis. Acad. Sci. Arts Lett., 34: 83-98, 1942. [Rec'd. 1943.]
61. GREENE (H. C.). Ibid. III. - Op. cit., 35: 113-135, 1943.
62. GREENE (H. C.). Ibid. IV. - Farlowia, 1: 569-581, 1944.
63. GREENE (H. C.). Ibid. V and VI. - Trans. Wis. Acad. Sci., 36: 225-268, 1944.

INDEX

- Actinomycetes 6-7
- Agaricaceae 28-32
- Ascomycetes 12-19
- Basidiomycetes 19-34
- Blastocladales 9-10
- Boletaceae 27-28
- Chytridiomycetes 7-10
- Chytridiales 7-9
- Clavariaceae 26
- Coelomycetes 24-36
- Dematiaceae 38
- Discomycetes 16-19
- Dothidiales 14
- Endomycetales 12-13
- Entomophthorales 12
- Erysiphales 14-15
- Eurotiales 13
- Fungi Fossiles 39
- Fungi Imperfecti 34-39
- Gasteromycetes 32-34
- General 1-2
- Helotiales 17-18
- Hemibasidiomycetes 20-24
- Hydnaceae 26
- Hymenomycetes 24-32
- Hypocreales 15
- Hysteriales 16
- Laboulbeniales 15
- Lagenidiales 10
- Lists, Regional and Ecological 2-5
- Lycoperdales 33
- Melanconiales 36
- Moniliaceae 37-38
- Moniliales 36-39
- Monoblepharidales 10
- Mucorales 11
- Mycelia sterilia 39
- Myriangiales 14
- Myxomycetes 7
- Nomenclature 6
- Oomycetes 10-11
- Peronosporales 10-11
- Pezizales 18
- Phallales 33
- Phycomycetes 7-12
- Plasmodiophorales 10
- Polyporaceae 26
- Pseudosaccharomycetaceae 36-37
- Saprolegniales 10
- Sclerodermatales 33-34
- Sphaeriales 15-16
- Sphaeropsidales 34-35
- Stilbaceae 38
- Taphrinales 13
- Thelephoraceae 25-26
- Tremellales 24-25
- Tuberales 19
- Tuberculariaceae 38
- Uredinales 22-24
- Ustilaginales 20-22
- Zygomycetes 11-12
